Lighting

Season: 2015/2016

Items: 29

Lighting can change the mood of a home, make or break the harmony of a space. Get it right with some of the most innovative and eye-catching lighting designs.

Expect more from design (we do).

Menu's philosophy is simple. We want to make the world better, less complicated, a little bit nicer to wake up to. Collaborating with super-talented designers, we make objects to be treasured now... and forever. Quite simply, Menu wants to make your favourite things. We work with some of the most exciting and driven creative individuals from the worlds of architecture and design to produce high quality design with a crisp Scandinavian look.

Menu believes in making design matter and we are obsessed with clever solutions for modern living: a coffee table with a hidden storage compartment, a shelving unit designed to grow as its owner expands into a bigger apartment. Our products are not defined by a single style. What unifies them is a shared aesthetic. We call it Scandinavian "soft minimalism" – characterised by understatement, a respect for design history and a belief that the best design should make us feel something.

Wherever we can, we work locally with craftspeople around the world, preserving skills while creating the best modern design.

city living in mind

GM 30 Pendant

GM 15 Pendant

GM 15 Pendant
by Grethe Meyer

Details

It is used everyday, therefore it deserves to be beautiful as well as practical. That was the philosophy of pioneering designer and architect Grethe Meyer (1918-2008), a trailblazer for women in the industry. Grethe designed for the way people live, spending hours watching and analysing before putting pen to paper. The lamp is available in two sizes. Hang one over the dining table, two smaller ones as a pair, or install together in bunches.

Bulb type: E14

Colour: White
Material: Powder coated steel

The Standard
by Sylvain Willenz

Details

Designed with an eye to both beauty and function by one of Belgium's most talked-about young designers, Sylvain Willenz, the Standard has all the makings of a modern classic. Its beautiful soft light makes this an ideal lamp for the dining room or above an office table. Its sense of purity and balance make it a pleasure to behold.

Bulb type: E27

Dancing Pendant

by Iskos-Berlin

Details

Design is an art of storytelling according to Copenhagen duo Iskos-Berlin, and their Dancing Pendant puts that principle into practice. Exquisite yet with a playful twist, the lamp has the look of a dancer's pleated skirt caught flaring-up mid-twirl. A partnership between two of Scandinavia's leading young designers, Boris Berlin and Aleksei Iskos, the studio is committed to sustainability. Dancing Pendant is made from PET felt, a 100% recycled material produced mainly from used water bottles.

Bulb type: E27

Colour: Off white
Material: Felt
Art. no: 1600659

Duane Pendant

by Søren Rose Studio

Details

The Duane pendant is the newest member lamps by Søren Rose for Menu. Launched in 2014, Tribeca is inspired by the glamour of New York in the late 1930s, with a decidedly industrial feel. The collection's name is inspired by lower Manhattan's Tribeca district.

Leonard Chandelier
by Søren Rose Studio

Details

The Tribeca series of lamps started with a journey. Søren Rose travelled across America on a mission to collect beautiful lamps dating back to the early-mid 20th century. The Danish designer, who lives and works in New York, took his finds back to his studio, dismantled them, separated their parts and reassembled them, mixing and matching lamps as he went along. Out of this experimentation Tribeca was born – a fresh perspective on iconic modern design.

Warren Lamp
by Søren Rose Studio

Details

A neat, retro-chic wall lamp ideal for reading, Warren Table Lamp is favourite in Søren Rose's Tribeca lighting series for Menu. Søren is a multi-talented Danish creative with a background in photography. In 2008 he fulfilled his dream of opening a lighting studio. He lives and works in New York.

Peek Table Lamp
by Jonas Wagell

Details

“A lamp with personality” is how Peek Table Lamp has been described. Jonas Wagell’s quirky yet utterly practical Peek Series began with a floor lamp, created to accompany a sofa he designed. “I find that floor lamps are often big and dominant,” Jonas explains. An antidote to overbearing lamps, he conceived his new lamp to literally “peek” over a sofa or armchair. The proportions have shrunk for the Table Lamp, with a dip in the top of the base for needful things – earplugs or jewellery.

Bulb type: LED

Colour: Black
Material: Powder coated steel and aluminum
Art. no: 1300539

Peek Table Lamp

Colour: Concrete
Material: Concrete, brass and glass
Art. no: 1800129

JWDA Concrete Lamp
by Jonas Wagell

Details

Honest materials – concrete and brass – are transformed into a lamp of beauty by Stockholm-based designer Jonas Wagnell. Inspired by traditional oil lamps, he brings these materials together into a design that is both raw and delicate. It has been noted that JWDA Concrete Lamp fits perfectly into any style of interior, ready to adorn a bedside table, desk or sofa table. Which suits Jonas just fine: “I want to create products that can be used every day and become part of people’s lives.”

Bollard Lamp by Shane Schneck

Details

Lighting can be innovative or simple, but rarely does it excel at being both. American designer Shane Schneck – working from Office for Design, his studio in Stockholm – strives for both, bridging the worlds of design and technology. The cleverly designed silicone lamp Bollard may look like a simple pendant, but it is in fact four lamps in one. Hang it from the ceiling as a pendant, angle it as spotlight, place casually on shelf or use to beam light up by placing on its foot.

Bulb type: GU 10
